Soft and approachable premium wines inspired by more than two centuries of winemaking begun by Nederburg's founder, who bought his land in Paarl in 1791.

This wine is made from Sauvignon blanc grapes.

VINEYARDS *The grapes were sourced from vineyards in the Darling, Paarl and Philadelphia areas. The vines, planted between 1969 and 1998, are grown in Clovelly, Hutton, Tukul and Oakleaf soils at altitudes ranging between 80m and 120m above sea level. Grafted onto nematode-resistant rootstock Richter 99 and 101-14, they received supplementary irrigation from an overhead sprinkler system.*

WINEMAKING *The grapes were harvested by hand and machine at 21° to 22° Balling during February. The fruit was crushed and gently pressed to extract excellent quality juice. After clarification the juice was fermented in temperature-controlled stainless steel tanks at 15°C for three weeks. The vinification processes were strictly controlled to preserve the characteristic fruit flavours.*
